

C&C 100C

Uphill Capsule Polisher

Several advanced technologies and up-to-date concept of designing

**DIFFERENT COMBINATION WITH
DIFFERENT FUNCTIONS-JUST FOR YOU**

C&C100C

C&C100C series Capsule Polisher has achieved double functions of capsule polishing and elevating. Inlet of the machine can be connected with any model of capsule filling machine, and outlet with capsule sorter and metal detector, so that to realize the production line of capsule polishing, elevating, sorting and detecting.

C&C100CS

C&C100CD-L

C&C100CDS-L

Designed with up-to-date concepts and adopting several advanced technologies, the machine is equipped with following characteristics:

1. Double functions of capsule polishing and levating to leave high flexibility for follow-up equipment line;
2. 360° circle adjustment for inlet and outlet to make production more convenient and save factory room;
3. Automatically sort less dosage, empty, fractured and cap-body separated capsule;
4. Fast-joint system to ensure safe and quick disassembly and assembly;
5. Parts in contact with medicine all made of 316L stainless steel or other material conforms to modern medicine safety standards;
6. Detachable brush on main shaft can be thoroughly cleaned. No blind spot during whole machine cleaning. Meet cGMP demands.

Technical Specifications	C&C100C	C&C100CD-L	C&C100CDS-L	C&C100CDS1-L	C&C100CS	C&C100CS1
Capsule Model No.	00# 0# 1# 2# 3# 4#					
Max Output Capacity (pcs/h)	600000		300000	600000	300000	600000
Inlet Height (mm)	730					
Outlet Height (mm)	1260	890	750	800	1050	1100
Power Supply	1PH 220V/110V 50Hz/60Hz 0.2kw					
Compressed Air	0.3m ³ /min 0.3Mpa					
Vacuum	3.0m ³ /min -0.1Mpa
